Call to action

Establish an MEP Interest Group on Life Course Immunisation in the next European Parliament.

Dr. Jean-Pierre Michel
University of Geneva
CLCI Summit Nov 23

Vision

Shape a European narrative that champions immunisation for all ages informed by data and expert insight.

- Equip MEPs with the knowledge to educate their constituents about the benefits of life course vaccination
- Support them in crafting impactful campaign messages grounded in reliable data
- Encourage them to address immunisation issues in parliamentary discussions proactively.

Function

- Host events to engage MEPs and stakeholders in life course immunisation.
- Forge strategic alliances with European health committees to amplify messages.
- Participate in and contribute to plenary debates on health.
- Influence and shape Council Conclusions by providing data-informed, expert recommendations.

Treaty on the Functioning of the European Union

- Article 45: Free movement of people.
- Article 168: A high level of human health protection shall be ensured in defining and implementing all Union policies and activities.

EU Council

- 2018: Recommendation on Strengthened Cooperation against Vaccine-Preventable Diseases
- 2022: Council Conclusions on Vaccination.

Sustainable Development Goals (SDGs)

- SDG 3: Ensure healthy lives and promote well-being for all at all ages.
