

"Stroke prevention & life after stroke, during the pandemic".

29 October 2021

11.00 to 13.00 CEST

PANELISTS

Marco Vatri, graduated in Medicine in 2016 in Perugia, is a General Practitioner and doctor under training in geriatrics. His interests are in the field of ultrasonography, pain therapy, prescriptive appropriateness and overmedicalization prevention

Edward Callus is President of the ECHDO European Congenital Heart Disease Organisation and Head of the Clinical Psychology Service at the San Donato Research and University Hospital in Milan.

Arlene Wilkie is Director General of the Stroke Alliance for Europe (SAFE) and leads and oversees the delivery of all SAFE activities and projects. Arlene has considerable experience of alliance building, particularly in relation to policy development and implementation, and has held leadership positions in a number of health-focused organizations over the past 20 years. In her role at SAFE, Arlene also co-chairs the implementation committee of the Stroke Action Plan for Europe and is a board member of the World Stroke Organization.

Luca Riccardo Chiveri is a neurologist. Since January 2021 he has been working at the Department of Neuro-rehabilitative Sciences of “Casa di Cura del Policlinico” as a researcher, contributing to the development of research projects aimed at improving the management of the person with chronic neurological disease including subjects with cerebrovascular disease outcomes.
