17 January 2019 by [Mariano VOTTA](#) [Cittadinanzattiva] in the [Agora Network](#) network

EVENT

05

Feb

Active Citizenship Network - ACN, on behalf of the secretariat of the Interest Group "European Patients' Rights & Cross-Border Healthcare", is glad to invite you to the meeting hosted by MEP Brando Benifei (S&D Group): "Towards higher patient safety in European hospitals. Innovation in hygiene and sanification to reduce healthcare associated infections and antimicrobial resistance" that will be held in Brussels on February 5th at the European Parliament from 10:00 to 12:00 in room ASP1E3.

To attend the meeting, please register here below by January 25th. Please, note that registration is mandatory.

The initiative is in line with an approach aimed to guarantee continuity and not just spot initiatives on Patient safety and healthcare-associated infections (HAIs). Active Citizenship Network is glad to realize this activity to improve the access to a safer healthcare, raising awareness among patient associations, advocacy groups and EU Institutions.
