

**10 Policy recommendations for promoting vaccination:  
the citizens' perspective for the new EU institutions**

**15 October 2024**

# Why?: citizens' recommendations to new EU institutions

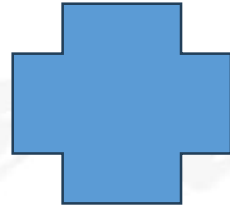

Make concret progress in (adult) immunisation policy, listening to the legitimate demands of civil society, patient associations and vulnerable target groups.

# Metodology

Selection of the main guidelines, recommendations, and proposals on adult vaccination already present in documents and working groups that we have all directly or indirectly contributed to over the past two years.

Extensive discussion during and after the meeting in Brussels on June 25, 2024, titled *Active Citizens in Europe Advocate for (Adult) Vaccination* attended by several leaders of civic and patients' associations across more than 12 countries.

Consensus report Launch event

# The 10 Recommendations

- 1) Promoting life-course immunization culture in EU
- 2) Recognize and reinforce the involvement of civil society in adult vaccination
- 3) Produce and collect good quality and timely data and evidence for decision-making
- 4) Facilitate citizens' access to vaccines
- 5) Increase the role of community pharmacies in vaccine delivery
- 6) Advance vaccination equity in Europe
- 7) Support the efforts to prevent cancer through vaccination
- 8) Strengthen fight against dis- and misinformation
- 9) Improve the health literacy & competence of the public.....including AI and new media literacy
- 10) Prioritize vaccination efforts for minorities and refugees
